

# PRESS RELEASE:

For immediate release

Date: 18<sup>th</sup> January 2010

**Title: Structherm release their NEW Education Solutions Brochure**

**Text: Structherm's new Education in Focus brochure is a welcome addition to their current range of sector brochures and provides valuable information about new build and external refurbishment solutions available for primary and secondary schools, colleges, academies and universities.**

Structherm have been providing education solutions to the construction industry for over 25 years. Their technical expertise in the design, manufacture and supply of pioneering new build and refurbishment systems for the education sector, combined with comprehensive support throughout the construction process is unrivalled. Whether you are looking to externally refurbish an existing school or are undertaking a new build project, Structherm can provide an innovative and comprehensive package.

To download a copy of Structherm's Education in Focus brochure, visit:

**\*\*End\*\***

**Notes to Editors:**

*Structherm Ltd has been providing solutions to the construction industry for over 25 years. Our technical expertise in the manufacture and supply of innovative building solutions (Structherm Fastbuild™ precast concrete building system, insulated render and structural cladding) combined with comprehensive support throughout the construction process is unrivalled.*

*We are part of Hanson Building Products who are one of the world's largest suppliers of heavy building materials to the construction industry. Hanson produce aggregates (crushed rock, sand and gravel), ready-mixed and precast concrete, asphalt and cement-related materials and a range of building products including concrete pipes, concrete pavers, tiles and clay bricks.*

*Hanson are part of the HeidelbergCement Group, which employs 70,000 people across five continents, and has leading positions in concrete and heavy building products and is the global leader in aggregates.*
